2024

AIA Los Angeles

+ SPONSORSHIP
OPPORTUNITIES

WHY YOUR SUPPORT MATTERS

The Annual Design Awards party is the biggest event of the year for AIA|LA - an opportunity to celebrate excellence in architecture and our friends and allies and for our community to come together, share a drink and stories and enjoy each other company.

But also, this splashy party is the biggest fundraiser for the Chapter and our sponsors' support is paramount to allowing this event to be produced and the chapter to continue to push the boundaries of the professional conversation within ourselves, with our city leaders and all communities at large.

This year, in particular, the design awards party will take place at the new AIA|LA and ACLA's home, a center for all communities and your support is particularly appreciated, as AIA|LA moves to a new Chapter of its existence.

I am very excited by how this organization is making strides within our communities and I thank our sponsors for allowing us to be stronger and more impactful on behalf of the architectural profession.

Thank you for your support.

Carlo Caccavale, Hon. AIA|LA
AIA|LA and ACLA Executive Director

NEW HOME OF AIA | LA

A destination for our community

Formed 115 years ago, the Los Angeles Chapter of the AIA is a not-for-profit organization dedicated to furthering the efforts of its parent organization, the American Institute of Architects (AIA), by specifically serving the interests of our local architecture and design community. AIA | LA's membership includes architects and design professionals actively engaged in the industry. Members work at diverse companies representing a broad range of professional practices. Through advocacy, education, networking and outreach, AIA | LA serves as a resource to help make the Los Angeles region more delightful, healthier, more sustainable, and economically competitive.

Clay Holden Architects

While shelter is a fundamental charge of the architect, the AIA | LA has been looking to establish a permanent home of its own for some time. We were able to pursue our dream of building a freestanding space in the heart of Los Angeles through careful fiscal management over many years. Today, we are very close to completing this project, and now need the support of our members and friends to get us over the finish line. Please help us make our dream a reality by reviewing the donor and sponsorship opportunities and making a contribution.

Our new space is situated halfway between Downtown Los Angeles and the West Side, in the historic West Adams district. We are renovating a Neo-Classical bank building from 1927, which will house AIA | LA's offices and serve as a space for our nonprofit organization, Architecture for Communities, Los Angeles (ACLA). Conceived as a hub for the LA design community, the Center for Communities will provide programming that celebrates architecture and educates communities about the value of design and its positive impact on the development of our city. The new Center for Communities will be a space for meetings, conferences, exhibitions, celebrations, and networking for our members, our youth, our city leaders, and our fellow Angelenos.

Your dedication to and support of AIA | LA has never been more appreciated as it is urrently to make this permanent headquarters, community resource, and home a reality. The following sponsorship opportunities defined within this brochure not only ensure a dynamic and robust annual awards program this year but helps our Chapter create that destination for all of us. Thank you for your consideration in supporting AIA | LA.
