

SMALL, X-SMALL, XX-SMALL THE SCALE OF CARE

WHEN:

Wednesday, August 21st
9:00 AM - 3:00 PM

WHERE:

AIA Los Angeles Center for Communities
4450 West Adams Boulevard
Los Angeles, CA 90016

OBJECTIVE:

Large vs small, is one better than the other?

Healthcare doesn't require a large footprint to meet the needs of a community.

Care can be delivered on many scales but how much care can be delivered in a small space? How many small spaces are vacant that could be outfitted to fulfill the care needs of a given community?

Providing care that is relevant to the community that it serves is necessary to fill the gaps that many can slip through. Without large plots of land or whole buildings available what is the size of a space that can facilitate care for many?

Discovery and unique insights are sure to abound!

LEARNING UNITS:

AIA CES: 5 LU|HSW
